

School of Computing, University of Leeds, UK

Two postdoctoral research positions (fixed-term, 18 months)

We are seeking to appoint two ambitious researchers to join an interdisciplinary research project involving several European partners. The project is on automated video analysis, involving activity recognition and situation analysis drawing on contextual information.

You will have a PhD (or to obtain soon) and research experience on computer vision, knowledge representation and reasoning, or decision theory.

Informal enquires to David Hogg, tel +44 (0)113 343 5765, email [d.c.hogg@leeds.ac.uk](mailto:d.c.hogg@leeds.ac.uk). To download an application form and job details please visit [www.leeds.ac.uk](http://www.leeds.ac.uk) and click on jobs. Job ref 312378, closing date 25 June 2009.
